HOW WE WORK

STEP 01

Consultation of the project based on the guidelines - advice and presentation of all possibilities, solutions and functionalities

STEP 02

Preparation of a pre-quote of the joinery

STEP 03

Measurements on site and final quotation after measurements

STEP 04

The signing of the agreement

STEP 05

Realisation of the contract, i.e. manufacture of joinery and assembly or delivery

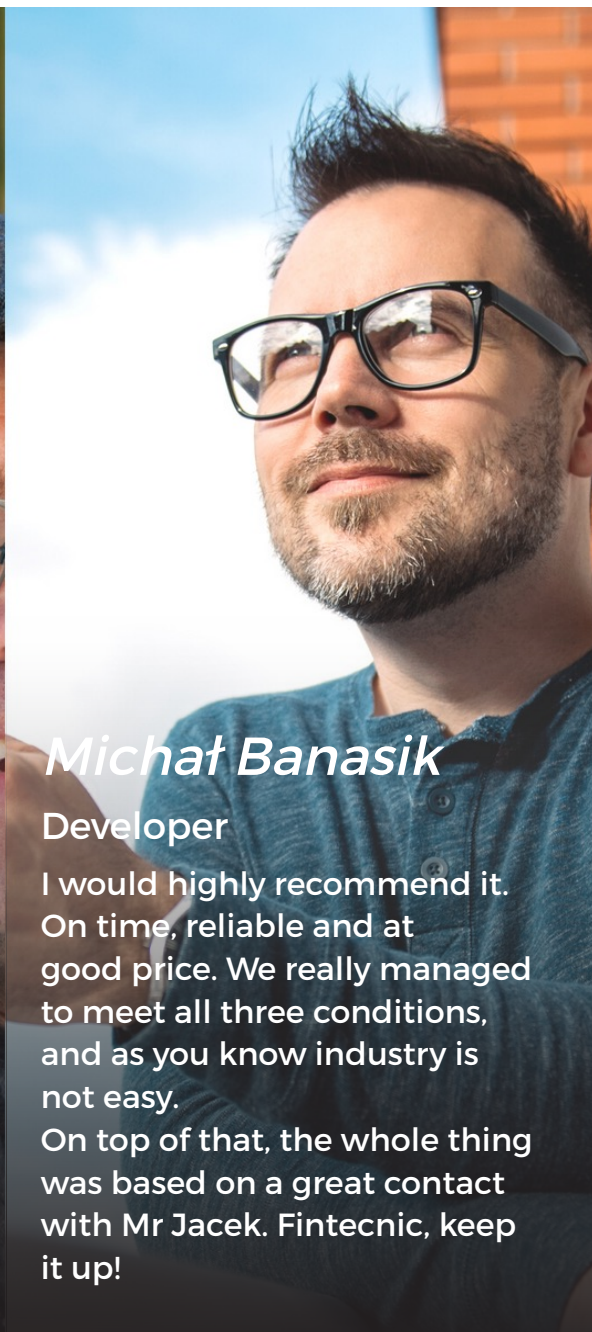

CUSTOMER FEEDBACK

Marek Szymański

Homeowner

I would highly recommend it. I am very satisfied with the services of Fintecnic. The ordered windows were installed on time and without any complaints. The HST window is also very impressive and its handling is pleasant despite its large size.

Michał Banasik

Developer

I would highly recommend it. On time, reliable and at good price. We really managed to meet all three conditions, and as you know industry is not easy. On top of that, the whole thing was based on a great contact with Mr Jacek. Fintecnic, keep it up!

*Katarzyna
Dworniczak*

Homeowner

Highly recommended!!! The windows are beautiful. Installation and contact with the company super. They advised, made, installed and cleaned up after themselves. Next windows only at Fintecnic.
